Dear Ms. Thomas,

The Virginia Department of Transportation has evaluated Adhesives Technology's ULTRABOND ACRYL-8CC Anchoring System as a chemical anchor fastening system. This product has met the requirements to be put on our approved list No. 29 for Chemical Anchors. Adhesives Technology's ULTRABOND ACRYL-8CC must also meet our field requirements when used on the job site.

For this product to remain on Approved List No. 29, each year in November, Adhesives Technology will have to send Materials Division a notarized letter stating that the original formula has not changed.

If I can be of further assistance, please call me at (804) 328-3135.

Sincerely,

A handwritten signature in cursive script that reads "K. K. Williams".
