Pompano Beach, FL 33064

**Subject: CRACKBOND 2100 MV– Adhesives Tech.**

Dear Renee Thomas:

The Department has completed the testing and evaluation of the above referenced material. This product has been found to conform to the requirements for:  
1017M00200 – Epoxy Resin System Type II Grade 2

It has been approved for use by the Department and listed as an Approved Material.

The Source is listed as "APS00003510 – Adhesives Tech – Pompano Beach, FL" located at 450 East Copans Road, Pompano Beach, FL 33064. The approved material has a product name of "CRACKBOND 2100 MV".

If you should require further information, please contact Justin Morris at (225) 248-4219.

Sincerely,

A handwritten signature in black ink, appearing to read "LC", is written over a circular stamp or seal.
