Subject: Appendixes C of IM 491.11, New Approval

Dear Renee:

I have reviewed your request for approval of the Ultrabond ASF-2000, an adhesive anchor manufactured by the Adhesives Technology Corp. The submitted documents and test results indicate the product in compliance with the Iowa DOT IM 491.11. Based on the documentation provided and the test results reported, this product has been approved and will be added to the Iowa Materials Approved Product List Enterprise (MAPLE), the Appendixes A, B, and C of IM 491.11, respectively. To search the MAPLE, please visit "<https://maple.iowadot.gov/>".

The approval of the product may be withdrawn any time because of deficient test result, product change, or unsatisfactory field performance. Please feel free to contact me if you have any questions.

Sincerely,

Jeff De Vries, PE  
Testing Engineer
