

NEW YORK DOT APPROVALS

Adhesives Technology Corp. has received the following product approvals for use on New York DOT projects under NYSDOT Standard Specification – Construction and Materials, Technical Services Concrete, Grouting and Anchoring Materials – Materials Approval List, Anchoring Materials – Chemically Curing (701-07), Capsule & Pourable:

[ULTRABOND HS-1CC](#)
[ULTRABOND HYB-2CC](#)
[ULTRABOND EPX-3CC](#)

Please see the link to New York DOT's current Approval List at:

<https://www.dot.ny.gov/divisions/engineering/technical-services/technical-services-repository/alme/pages/240-1.html>

IMPORTANT - Please assure contractor complies with the NYSDOT Structure Division Note.

Structures Division Note:

WARNING: The following products SHALL NOT be used a) in any overhead applications or b) where permanent sustained tensile loads will exist such that failure of the material would result in risk or injury to the public. Contact the Deputy Chief Engineer (Structures) for appropriate alternative anchoring materials or methods when overhead or permanent sustained tensile load conditions exist.

Please contact your local Sales Representative for more information on ATC DOT approvals across the USA!
