Office of Highways Project Implementation / Bureau of Materials  
126 East Ash Street / Springfield, Illinois 62704

February 3, 2025

Ms. Renee Thomas  
Adhesives Technology Corp.  
450 East Copans Road  
Pompano Beach, FL 33064

Dear Ms. Thomas,

Investigative testing conducted on your product by our laboratory found that ULTRABOND HYB-2CC **does** comply with the requirements for Chemical Adhesives, as stated in Section 1027 of the *Standard Specifications for Road and Bridge Construction* (April 1, 2016).

Therefore, ULTRABOND HYB-2CC **is** approved for use on Illinois Department of Transportation projects.

If you have any questions, please contact Johnathan Reeves of this office at (217) 782-4666.

Sincerely,

Brian Pfeifer, P.E.  
Engineer of Materials  
and Physical Research
