

DP

99

## INDUSTRIAL SPRAY DEGALVANIZER

**DP 99 is a degalvanizing spray for use on roll-forming machines, shears, punch press dies and notchers. DP 99 will soften and loosen galvanizing debris while lubricating. Daily use will keep machinery clear of galvanizing build-up.**

### Recommended Uses:

- Removes Galvanizing Build-Up
- Protects Machine Rollers, Shears, Notchers, and Punch Press Dies from Galvanizing Build-Up
- VOC Compliant

**Description:** DP 99 is a degalvanizing spray for use on roll-forming machines, shears, punch press dies, and notchers. DP 99 will soften, loosen, and flake off galvanizing debris. It quickly cuts through galvanized scale and rust. Daily use will keep machines clear of galvanizing build-up and also act as a high quality lubricant to keep precision machines running smoothly and efficiently. DP 99 is safe for use on metals, alloys, rubber, and most painted surfaces.

### Directions For Use:

**Application:** Use in well ventilated area. Shake can well before use. Always point spray tip away from yourself and others. Hold spray can tip 8 to 12 inches from surface to be covered. Always spray at a 90° angle to surface. Spray DP 99 Degalvanizer at those points where galvanizing tends to build up on your machines. Under normal conditions, galvanizing build-up can be removed by light scraping or with a wire brush.

### Technical Data:

**Color:** Clear

**Chemical Family:** Synthetic rubber

**Flammability:** Extremely Flammable

**Packaging:** Net wt. 11 oz. cans supplied 12 cans per case.

**Shelf Life:** 1 Year

**KEEP OUT OF REACH OF CHILDREN  
CONSULT S.D.S. BEFORE USING**
